OUR SOLUTION
INTEGRATE THE ENTIRE
**SUPPLY CHAIN IN A
COST EFFICIENT
WAY.**

Reliability and flexibility are **Trans Channel** hallmark, offering you tailor-made solutions to today's complex logistical challenges. Our Sea-Air and Land products combine the cost advantage of ocean freight with the speed element of airfreight. Our tailored Land transport solutions are designed to meet your requirements and budget, and provide highly reliable cargo movement.

OUR MISSION & VISION

Our Mission is naturally inspired by Our Vision. We make ourselves to be the best SCM & Logistics Business Partners for our Customers with exploring new ideas and new talents. We **TCL**, make ourselves 100% commitment towards Customer satisfaction. We bring most cost effective and tailor-made solution as per Customer need.

OUR SERVICES.

AIR CARGO SERVICES

When time is an issue; you need an airfreight service provider that can match even your most critical demands. With our global coverage and a comprehensive range of airfreight services, we meet your deadline.

SEA CARGO SERVICES

TCL provides a full range of ocean freight services worldwide. We handle any size of freight from less-than-container load (LCL) and full-container-load (FCL) to special equipment and over-sized cargo.

ROAD CARGO SERVICES

No matter where or what you are shipping, **TCL** offers a range of land transportation services and systems. As a major global intermodal player, we deliver effective and reliable transportation via road, rail and barge services in your domestic and overseas markets.
